

STRETCH

ADVANCE your career
COLLABORATE and network
ENGAGE your team

WHAT IS STRETCH@KP

We are transforming the way we **develop people** at KP & the way we **get important work done**.

Stretch@KP is a program that enables connections across the entire organization by matching Kaiser Permanente employees who want to professionally or personally advance themselves, with those in need of resources.

WHY STRETCH@KP

We encourage new ways of working, increase employee **engagement**, and help people find their passion, all while driving **results** for the organization.

Our goal is to increase **collaboration** across Kaiser Permanente by inspiring and mobilizing talent at all levels, and across all divisions, so every employee has **equitable** access to opportunities.

HOW IT WORKS

Join to either host your own project and manage others, or as a participant to work on someone else's project. Managers can also leverage Stretch@KP to empower and engage their teams.

Host a Project

- Get extra resources quickly
- Gain management experience
- Get important work done

Participate on a Project

- Hands-on experience
- Ignite your passion
- Develop new skills

Be an Advocate

- Empower your team
- Retain great employees
- Leverage new relationships

WHAT IS A PROJECT

A project is any piece of work or idea that you need resources for! It could be anything from creating strategy and processes, to bringing a new idea to life, to extra hands for an event.
